The 18th club will hold their last meeting to-morrow evening. You are going to Lakeside on Saturday? Of course. Stone-throwing is a pastime among boys that is being indulged in excess. Stop it. The trustees of the Presbyterian church are after the boys who broke a number of the windows in that edifice. The rain that fell yesterday had a grateful effect upon the atmosphere. The school directors will leave nothing undone to ferret out and punish those boys who have been damaging the school houses. The farmers who come to town with produce find ready sale and get good prices, too. Justices of the Peace in town have no occasions this summer; business being brisk. A young lady from out of town remarked the other day that Shenandoah contained nothing but saloons and truck stands.

They came to meet the Senator's son, Andrew Jackson Curtin Quay, who is expected aboard the city of Paris to-day. The Senator said that he had experienced great relief since severing his connection with the National Republican Committee.

Bogus Quarters in Circulation. ROCHESTER, N. Y., Aug. 12.—For the past two or three weeks it is estimated that over 1,000 bogus quarters have been put in circulation in this city. The coin is of a composition metal, has a good ring, but is much lighter than the original and is of very poor workmanship.

No News About the Duel. New Bedford, Mass., Aug. 12.—Commodore Gerry says he knows nothing of a duel having occurred between a couple of prominent yachtsmen of the New York Yacht Club squadron. Had one taken place he would certainly have heard of it, he says.

Quiet Day for the President. CAPE MAY, N. J., Aug. 12.—The President passed the day in going over his official communications with his private secretary. He took his usual surf bath at noon. Attorney-General Miller has returned to Washington.

All Should Have Them. The board of examiners of applicants for miners' certificates understand that there are a number of men who have not received their certificates, and it is also understood that the bosses at some collieries are not as strict as others in requiring a compliance with the law in that respect. The examiners hope to have the co-operation of all foremen in their work.

Will Locate in the West. Silas S. Gay and William Barker, who left town about two weeks ago to seek a suitable location in the West, have written to friends in town that they have decided to locate in Salt Lake City, Utah. They speak highly of the place and say their prospects are very promising. Mr. Gay's family will leave for the West in a few days.

Struck by Lightning. A house occupied by Mrs. Drum, on West Centre street, Mahanoy City, was struck by lightning yesterday afternoon and badly damaged. The chimney was demolished and most of the shingles were torn from the roof. Some of the bricks from the chimney were carried fifty feet from the house. The occupants of the house were badly scared and a boy sitting at the front door had one of his arms electrified.

STRAW HATS show the way the wind blows, but they don't show what hard blows we have been striking at straw hat prices. Some hats are dear at any price; these hats are cheap at double the money. If what covers your head is not becoming to you, all the pains you take as to the rest of your attire are simply thrown away. Come and see how you will look in one of our 50c straw hats. There's no use in giving any further description of them than to say this—they are stylish. We cut the price down because we want to cut our stock down. Another big bargain in hats is our \$1 black stiff hats. 118 S. Main St.—SCANLAN—Shenandoah
